IS SCENE OF **BIG DISCOVERY**

Feet of High-Grade Gold-Bearing Ore

An important mineral find is reported from the Trapadoor property at Willow Creek, 105 miles east of Tonopah and not far distant from Nyala. The ore was encountered at FAVORABLE COALITION the bottom of a 40-foot shaft, and there is now ready for shipment BIRMINGHAM, England, Oct. 13 .- about 25 tons of ore that is expected

"I don't presume to say when the Stiner, who has been giving his 1921 o from John Augustiae transfer of ment will no doubt result in due in perfect harmony. He has not late weeks and there appears to be mortarium for five years be granted of no little importance.

ing for a wage scale of \$5 a day for underground mine workers, meeting ake official action on the propose the Pittman act, and the sequent be ion. The letter submitted to the ing for the reason that wages have mine workers follows: been increased in some wostern min

There has been considerable the ing camps, that living costs have mission going the rounds concern as not been decreased and that under the new ware scale offered, some ground working conditions in the seing of the opinion that it applies. Tonopah nines were not satisfactory mly to underground workers, but the . The induc operators: have made Bonanza was informed this afternoon exact and detailed compar sons of that the scale applies to all classes wage scales and costs of living at of labor, both underground workers Tonopah and at other western mining and top men, as well as mill workers comps and find that the facts are Tonopuls. Nev. Oct 12, 1922. as rabulated hereunder

Misching Muckeys Resum All Arizona copper camps thew scale \$4.00 Utah Copper company (new scoto) 38.00 Seada Copper Co., Ely (new scate). 'oeur d'Alene District, Idaho (new + ale) Julied Eastern, Arizona ripple Creek, Telluride, Colo Mother Lode, California_ North Star and Grass Valley District onopah (present scale)

This shows that of the many min ng camps mentioned above that the resent Tonopab scale is now 2 ents per shift above the highest and hat the cost of board and room empares favorably with other campa During the year 1920 the Tonopal nd D'vide operators, at the reques the mine and mil workers of the stricts, established a store for the urpose of selling the necessities of fe at cost. The store accomplished 's purpose of reducing the cost of ving and is continuing to do so is records show that the living costs re materally lower new then a ar ago, and could be further re need by proper co-operation

The Mine Operators' association is made careful inquiry into the nderground working conditions of he mines in the Tonopah district nd find that these have been wastly uproved over those existing a few ears ago and now compare very avorably with the cond lone existig in the most favored mines. Fur her, the records of the Nevada Indusrial commission show that the perentage of men injured in the Tonooh and Divide mines is less than n any other mining district a the

It is a fact that the average grade f ore mined in the Tonopah district as gradually decreased during the ust few years, and were it not for! hs \$1 per outice received for silver nder the Pittman act some of the nines now operating would be closed lown, while the few remaining would e operating on a much smaller scale f production.

The companies in the Tonopah and Divide districts are desirous of conliming to pay the highest wages conomically possible, as heretofore
